

Thank you for selecting our product. Before starting installation, please read this manual thoroughly to ensure correct installation. Please keep this manual at hand for future reference.

About the Product

- Stainless steel latch for sliding door.
- Can be unlocked from outside in case of emergency.
- Door thickness: 26 - 38 mm

For Your Safe Work and Correct Installation

⚠ Caution: If not followed, injury or damage may result.

- ❗ Make sure to follow the designated dimensions, specifications, and horizontal/vertical angles. Make sure that the frame is not warped, since it may cause failure.
- ❗ Make sure to check the screws for slack at regular intervals (one month from first usage, half a year, and then one time every year is recommended).
